President of Parents Association
Cistercian College
Roscrea
Co Tipperary IRELAND

Dear Parent,

MedEntry HPAT Preparation

Given your involvement in the Parents' Association, we realise that you have a significant role in assisting parents to help their children enter their chosen career. In recognising the vital role you play, we felt we should make our organisation known to you.

MedEntry is an international, government accredited and trusted Registered Training Educational Institution which provides quality materials and courses for students intending to sit the Health Professions Admission Test (HPAT). The HPAT is a prerequisite for entry into medicine in Ireland.

Many students mention in their evaluations that they wish they had known about MedEntry earlier. We therefore seek your assistance in making Leaving Certificate students aware of the services we provide. To enable this to occur, it would be much appreciated if you could:

- Photocopy the enclosed pamphlet and make it available to students and parents.
- Place an article in your newsletter along these lines:

Students interested in pursuing medicine and other health courses need to sit the HPAT on 22 February 2020. MedEntry is a government accredited Registered Training Organisation specialising in HPAT preparation. MedEntry offers discounts for groups, and numerous scholarships. For more information, please visit www.MedEntry.ie

If you have any enquiries, please do not hesitate to contact us or visit the website. Thank you for your assistance.

Yours faithfully,

Dr Edward Boyapati
Principal Lecturer
